

# Continued investment in the Boxall Profile® Online

## Introduction

The Boxall Profile® Online has become an integral tool within our setting, aiding in the early identification and assessment of social and emotional developmental needs. Its evidence-based approach aligns seamlessly with our school's commitment to nurturing the well-being and progress of all our pupils.

## Problem statement

Our school faces challenges that directly impact pupil outcomes, including:

Addressing these challenges is critical to fostering a positive and inclusive learning environment.

# Continued investment in the Boxall Profile® Online

## Proposed solution

The Boxall Profile® Online is a proven solution to tackle these challenges effectively and aligns with the nurturing ethos of our school. It offers a structured framework for identifying social and emotional developmental needs that supports data-driven decision making through reports and dashboards.

## Budgeting

To sustain the use of the Boxall Profile® Online, we propose allocating annual funds as follows: [Primary level - £325 + VAT | Secondary level - £500 + VAT]

# Continued investment in the Boxall Profile® Online

## Benefits and outcomes

Investing in the Boxall Profile® Online ensures that our school remains proactive in addressing social and emotional needs. Key benefits include improved ability to identify and support needs early, reliable data to guide interventions and track progress, and strengthening alignment with our school's vision and values.

## Conclusion

Continued investment in the Boxall Profile® Online is essential for maintaining and building upon the progress already achieved. By supporting this proposal, our school leadership reinforces its commitment to pupil wellbeing and development.
